

# Server Rules & Guidelines

Welcome to the Stadia community! To ensure a helpful and safe environment for everyone, please follow the rules below.

## 1. General Conduct

- **Respect is Mandatory:** Treat all members with kindness. Harassment, hate speech, or bullying will result in an immediate ban.
- **No Sensitive Content:** Keep the server **SFW** (Safe For Work). Do not post NSFW, gore, or highly controversial political/religious content.
- **Language:** Please keep conversations primarily in **English** so our staff can moderate effectively.

## 2. Support & Chat

- **Use the Right Channels:** Please keep support requests in the designated support categories and general chat in the lounge.
- **No Support via DM:** Do not DM staff members for support unless specifically asked to do so. Use the ticketing system or support channels.
- **No Spamming:** Avoid excessive tagging, flooding the chat with emojis, or repetitive messaging.

## 3. Advertising & Promotions

To keep our community clutter-free, we have a policy regarding self-promotion:

- **Standard Members:** Direct advertising of your own Discord servers, social media, or products is **strictly prohibited** in general channels.
- **The Promotions Club:** Only members who have purchased one of any of our services gain access to the **Promotions Club**.
  - Once you have purchased a service (Example: [ThemeGram VIP](#)), you will receive a special role.
  - You may then advertise in the designated [promotions-club](#) channels.
- **No DM Advertising:** Sending unsolicited invites or links to members via DM is a "bannable" offense.

## 4. Staff & Safety

- **Follow Staff Instructions:** If a Moderator or Admin asks you to change your behavior, please comply.
  - **Report Issues:** If you see something breaking the rules, please use the ticket system or ping a Moderator.
  - **Common Sense:** Rules cannot cover every single scenario. Use your best judgment.
